**SELF-PAY POLICY**  
**Effective 1/01/2014**

We are happy to provide orthopaedic medical care for patients without health insurance under the following guidelines:

1. If you are able to pay in-full for services on the date of service, there will be a sizable discount applied.
2. If you are unable to pay in-full on the date of service, there is a mandatory \$180.00 payment that must be paid prior to being seen and treated. This includes consultation and x-rays. **Payment must be made with either cash or credit only, no checks.** You will then be billed for the balance in-full. We are happy to work out a payment plan that fits your budget.
3. At each and every follow-up visit, there is a mandatory \$120.00 payment that must be paid prior to being seen and treated. **Again, payment must be made with either cash or credit only, no checks.** If you are unable to pay, your appointment will need to be rescheduled to another date and time.
4. All patient balances must be paid in-full within 3 months of your initial office visit unless payment terms are worked out otherwise.
